iConnect Home Setup - Mac

Step	Action
1.	Go to www.citrix.com/go/receiver.html and click ' Download Receiver for Mac '.
2.	Once clicked you should see the download appear on your dock, once the download completes, double click to open it. 
3.	You will now see the drive load on your desktop and the installation will begin. Click ' Install Citrix Receiver ' and proceed through the installation. The default installation location should be fine so, when prompted for your username and password, enter the credentials you use to log in to your Mac.
4.	You're now safe to eject the Citrix drive.
5.	Finally, browse to www.icconnect.ie to log in and use the portal as normal.
